

To The Window Guys

Thank you for making the experience of having new windows installed painless and easy. The people at your company are delightful. From Rob Coleman who originally made the sale, to Nancy in financing, who went above and beyond the call of duty to try to help me get financing and Sam Moore who came to check the installation, all were professional, courteous and helpful. I would definitely recommend The Window Guys to anyone who asks. It was a pleasure doing business with your company.

Sincerely,
